

TSSA Fundraising Benefits Shriners Children's Burn Hospital

making DREAMS COME TRUE for children in need

The Shriners Burns Hospital for Children in Galveston is constantly striving to improve quality of life for children with burn injuries. It's impressive to see the amount of research accomplished by Shriners Hospitals, and how much Shriners patients have benefited from that research.

It was only a few decades ago that children with severe burns had little chance of survival. Today, they are being saved and rehabilitated, thanks to the great advances made by Shriners Hospital-related burn research.

The areas being studied include methods of treating certain respiratory ailments in patients with severe burns, and understanding the nutritional needs of burn patients. As a result of these and other ongoing research projects, the outlook for children suffering the agony of severe burns has greatly improved.

TSSA Live/Silent Auctions

The Texas Self Storage Association takes great pride in being a part of that legacy, through the funds raised at our live and silent auctions held at our annual convention and trade show, and will continue to do so into the future. We invite you to join us in giving to this great cause!

Become a Part of TSSA's Fundraising Mission

Benefiting Shriners Children's Burn Hospital

TSSA's Legacy of Helping

Mission Critical:

93% of your donations go to helping the burn patients.

Approximately 93% of the annual Shriners Hospitals' operating budget is spent on direct support of the hospitals. The money is carefully supervised for maximum benefit to patients. The Shriners Hospitals count on the generosity of donors, communities, foundations, corporations, and organizations to help make dreams come true for these kids. Since 1922, the Shriners Hospitals have been helping children and families free of charge. ***There is never a charge for any of the care or services provided, and no insurance monies or government funds are used.***
